Wonderful. Thanks, Ken. I've spoken to Mike and Bryn about the site before, but will check in with them again.

Hi Richard,

You are familiar with this site since you have been there. Here is the link to the ODEQ ESCI file for this site. Unfortunately this file is combined into one pdf. There's a lot of good material in this pdf to provide context:

<https://www.deq.state.or.us/Webdocs/Controls/Output/PdfHandler.ashx?p=ad82794e-c3e0-432e-800b-a3d9d4b86d20pdf&s=ECS1338FullFile.pdf>

I do not have any additional material beyond the two line description from DEQ provided in their list of possible sites.

In terms of a site contact, this site appears to be unassigned. I'm not sure if you have a contact from before, but if not, I would contact Mike Kucinski, the Western Region Cleanup Manager – 541-687-7331. I also have a call in to Tricia Atkins to see if the site has been assigned to a project manager.
